

Aniruddha Ghosh

CONTACT INFORMATION	Economics Area Orfalea College of Business California Polytechnic State University San Luis Obispo, CA 93407 USA	Email: aghosh10@calpoly.edu Website: https://aniecon.github.io/
RESEARCH INTERESTS	Microeconomic theory, Econometric and statistical theory, Networks.	
CURRENT EMPLOYMENT	Assistant Professor of Economics, Orfalea College of Business, California Polytechnic State University, San Luis Obispo, CA, <i>since 2024</i>	
EDUCATION	Johns Hopkins University , Baltimore, Maryland, USA. Ph.D., Department of Economics, 2024. M.A., Department of Economics, 2020. London School of Economics and Political Science , London, UK. MSc. in Econometrics and Mathematical Economics, July, 2017. Delhi School of Economics , Delhi, India. MA in Economics, July, 2016. Hansraj College, University of Delhi , Delhi, India. B.A.(H) in Economics, July, 2014.	
AWARDS/ GRANTS	Summer Undergraduate Research Project (SURP), Cal Poly, 2026 BEACoN Research Mentoring Program, Cal Poly, 2024-25. Carl Christ Fellowship for outstanding graduate student at the dissertation stage of their research, Johns Hopkins University, 2022. Oskar Morgenstern Research Fellowship , George Mason University, 2022-2023. Oskar Morgenstern Fellowship , George Mason University, 2021-2022. Bruce Hamilton Research Seminar Award for outstanding performance in a research seminar, Johns Hopkins University, 2021. Department Fellowship , Johns Hopkins University, 2018-2024. Inlaks Fellowship , London School of Economics and Political Science, 2016.	
PUBLICATIONS	Robust Comparative Statics with Misspecified Bayesian Learning (2026), <i>Journal of Political Economy: Microeconomics</i> . On Existence of Berk-Nash Equilibria in Misspecified Markov Decision Processes with Infinite Spaces, with Bob Anderson, Haosui Duanmu, and M. Ali Khan (2024). <i>Jour- nal of Economic Theory</i> . Continuity Postulates and Solvability Axioms in Economic Theory and in Mathemat- ical Psychology: A Consolidation of the Theory of Individual Choice, with M. Ali Khan and Metin Uyanik (2022). <i>Theory and Decision</i> . On a Diversity of Perspectives and World Views: Learning under Bayesian vis-à-vis DeGroot Updating, with M. Ali Khan (2021). <i>Economics Letters</i> .	

INVITED SURVEYS	The Intermediate Value Theorem and Decision-Making in Psychology and Economics: An Expository Consolidation, with M. Ali Khan and Metin Uyanik (2022). <i>Games</i> .
WORKING PAPERS	Ghosh, A., Khan, M. A., & Uyanik, M. (2025). Separately Convex and Separately Continuous Preferences: On Results of Shafer and Bergstrom-Parks-Rader. Ghosh, A., Khan, M. A., Reffett, K., & Uyanik, M. (2026). Model Misspecification in Large Games. Ghosh, A. (2025). Learning in networks under diverse worldviews.
CONFERENCES, WORKSHOPS AND TALKS	Invited Seminars: ASSA (2027), IIM Bangalore (2027), ISB Hyderabad (2026), Ashoka University (2025), IIM Bangalore (2026, 2025, 2024), IIT Delhi (2025), IIT Kanpur (2025), UC Riverside (2025), Southern Methodist University (2025), Cal Poly (2023), Towson University (2023). Conferences: Ashoka Annual Economic Conference (2025), ASSA Annual Meeting (2025), SWET – Southwest Economic Theory Conference (2025), Midwest Economic Theory Meeting (2024), Stony Brook Game Theory Festival (2023), SAET Conference (2022), “Risk, Uncertainty and Profit” 100th Anniversary Symposium, Arizona State University (2021) Workshops: Political Economics of Environmental Sustainability Conference, Stanford University (2025), Manchester EWET – European Workshop in Economic Theory (2024), Australian Economic Theory Workshop (2021), HOPE Summer Institute Scholar, Duke University (2019), Econometric Society Summer School in Dynamic Structural Econometrics, Booth School of Business and Becker Friedman Institute, University of Chicago (2019)
PROFESSIONAL SERVICE	Referee: American Economic Review, Dynamic Games and Applications, ACM EC conference, Food Policy, Mathematical Social Sciences, Journal of Mathematical Economics. Reviewer: Twenty-Seventh ACM Conference on Economics and Computation (2026), European Association of Young Economists Annual Meeting (2026, 2025), Mathematical Reviews
LANGUAGE SKILLS	Computer: L^AT_EX, Matlab, Python, Stata, HTML/CSS. Toolbox: NLP Specialization (Coursera)
